

Fork Mounted Sweeper

Fork Mounted Sweeper - This accessory really makes industrial sweeping work a lot easier to finish. The handy forklift mounted broom is designed for use with either dry or wet material clean ups. It can squeegee water and push snow easily. This attachment is normally utilized to be able to clean garbage from construction sites, docks, parking lots, warehouses and nearly everywhere it is required. The forklift sweeper is a low maintenance attachment that utilizes quick-tite tine products to easily mount to the forklift.
