

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since 1959. Whether the work entails transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler would really help make the task go easier and faster. These units are complete together with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system provides eighty inches of boom travel for precision placement capabilities. A wide range of optional attachments is obtainable for Lull telehandlers to help do whatever work.
