Advance-Nilfisk Parts - Think about how tiresome it would really be to clean up your own house after throwing a big party, without aid from cleaning machines. Before, when upholstery and carpets had the dirt beat out of them by hand; cleaning cloths, brushes and brooms were the leading cleaning materials of that time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Establishing the business in the year 1906, he began to make motors so as to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the start was to own an international company selling goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by one person since it just weighed 17.5 kilos! This creation came in a time where numerous cleaning equipment were huge and required 4 or more operators, thus, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an existing crisis; stuff get filthy and need to be cleaned regularly, without a lot of effort.

Gradually, the company Nilfisk-Advance developed throughout the years. During the the early part of the 1980's the business developed more rapidly when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the industry, aiming to be an active global player in manufacturing professional cleaning machines. Nilfisk-Advance is now found in all parts of the world due to gradually acquiring a lot of small businesses in order to expand their product selection and presence in new markets. They are really proud to offer different cleaning solutions to fit every need.
